

# LETTERS TO THE EDITOR

Star Weekly, May 20

## Hanging Rock funding

This is fantastic news (Package to 'save' the Rock, May 20). Great for the local community who have for years loved and protected such a beautiful monument in the local shire. We may be becoming closer to the urban fringe, but it doesn't mean that as a shire and community we take on the suburban/city mentality of little ethics and lack of respect for history.

Fantastic article by the journo. Angela Valente, I love reading your articles and admire your ability to campaign for the good of our community. You're an asset to the Macedon Ranges and to *Star Weekly* ... your articles are the reason I always read the *Star Weekly*. Go Angela!
